

CORRESPONDENCE

NADA

Nada, July 27, 1920.

The Pioneer Day celebration at Nada was quite a successful affair. On account of the heavy rains to the north and sickness in several of the families, many were disappointed in attending but a goodly crowd gathered and a pleasant social hour was enjoyed. Lorin Kesler, Bennet and Barrett White won in the children's races. The following program was rendered, each number worthy of special notice:

Paper, "The Pioneers," Miss Bertha Kesler.

Duet "O, Sole Mio," encore Marian-You'll Soon Be Marryin' Me," June Lindeman and Carlton Culmsee.

Recitation, "Sage Brush" Elizabeth White.

Address, S. S. Owens.

After the completion of the program a delicious supper was served by the ladies and dancing was indulged in throughout the evening.

SAHARA

Sahara, July 26, 1920.

Well, what do you know about it? Here's Sahara again. Oh, yes, Sahara has been here all the time, busy as ever, only the writer got slack, went on a vacation, took a nap or something.

Mr. Earl Markwith arrived back here a few weeks ago from Los Angeles, Cal. We are glad to have him with us again, he was accompanied by his sister, Mrs. Sissuy and a friend, Mr. Berkhardt, also from Los Angeles.

D. C. Urie, road supervisor from Cedar City was in this neighborhood lately and had arrangements made to put in culverts in the draw north of Sahara, in three different places. One near Frank Hedrick's place, one near J. A. Baker's and one near Mrs. Bertha Schindler's. Those who did the work were Messrs Earl Markwith, H. O. Dougherty and Wm Griffin. We are very glad to have these culverts in as some of our roads are almost impassable in wet weather on account of the deep ditches.

Word has been received from Mr. and Mrs. H. T. Griffin that Mr. Griffin has undergone his operation and is doing nicely. We are all glad to know it and hope they will soon be with us again.

We all enjoyed a dance at the school house on the seventeenth. The outsiders who were with us were the Misses Wright and Keeler of Nada who rode over with Mr. and Mrs. Jas. A. Baker and daughters, and Mrs.

Firestone

Sales of this tire have increased 96% the first six months of this year, proving the balanced tire, the Firestone 3½ has accomplished what Firestone sought for it, more mileage, greater economy, greater comfort, which has been passed on to the public at low cost—most miles per dollar.

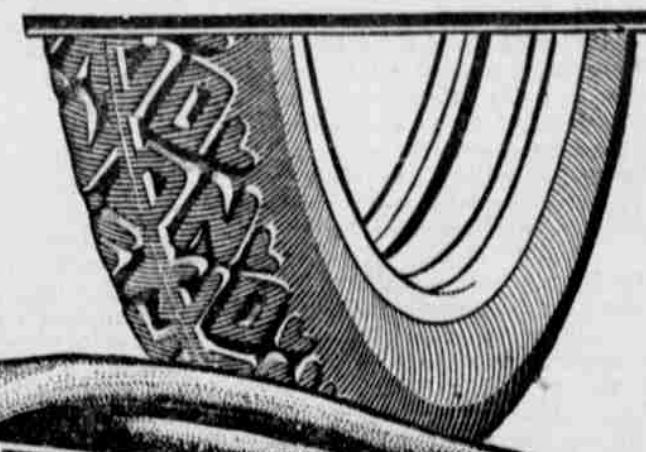

Balanced! That means to you more than mere thickness of tread, greater air capacity, more plies of fabric, greater cushioning, or the gauge of the sidewall. It means that all component parts of the Firestone 3½ are scientifically balanced by specialists who have put years of study and practice into a single purpose—to meet your demand in a small car tire. You can now have all four tires on your car give uniform service if they are Firestone.
